Engineering, Law, Management, and Liberal Arts
Research

"Sustainable Systems and Interdisciplinary
Innovations for a Resilient Future"

29th–31st January, 2026

Research and Development Cell

SPONSORSHIP PROSPECTUS

ABOUT STELMAR 2026

STELMAR 2026 is BML Munjal University's flagship interdisciplinary research conference, advancing collaboration and innovation around sustainability. In partnership with renowned publishers, it is rapidly establishing itself as one of India's leading academic platforms. Building on the success of its inaugural edition, which drew over 199+ paper submissions, STELMAR 2026 is set to expand into a three-day international event at the University's Gurugram campus, bringing together distinguished speakers and participants from top national and global institutions across Engineering, Business, Law, Liberal Arts, and emerging technologies. With a mission to generate research-informed solutions to global challenges, the conference provides a powerful forum for thought leadership, knowledge exchange, and shaping the future of academia and industry.

ABOUT BMU

Founded in 2014 by the late Brijmohan Lal Munjal, visionary entrepreneur and founder of the Hero Group, BML Munjal University (BMU) is a not-for-profit institution committed to excellence in higher education. Established under the mentorship of Imperial College London, BMU offers a wide spectrum of undergraduate and postgraduate programs across Engineering, Management, Law, and Liberal Arts.

In just over a decade, BMU has emerged as a rising institution of national significance, recognized with an 'A' Grade accreditation by NAAC, and is consistently strengthening its position through academic innovation, industry partnerships, and cutting-edge research.

Located in the Gurugram district of Haryana, India, BMU is guided by the philosophy that every effort and decision must contribute to making a tangible and positive difference in the world. With a diverse community of students, faculty, and global collaborators, the University is dedicated to creating, preserving, and imparting internationally benchmarked knowledge and skills that prepare future leaders to address complex global challenges.

ABOUT R&D CELL BMU

BML Munjal University aspires to be an institution of excellence, renowned for the quality and impact of its teaching, pioneering research, and dynamic partnerships with key stakeholders. We aim to uncover innovative solutions to global challenges by applying cutting-edge knowledge. We are dedicated to cultivating a vibrant community of talented students and faculty who thrive in a creative and stimulating environment. BMU's founding charter unequivocally commits to achieving distinction in teaching and groundbreaking research, positioning us at the forefront of academic and intellectual leadership.

VISION AND MISSION

STELMAR envisions becoming a leading interdisciplinary platform that fosters innovation, research, and collaboration among students, scholars, and industry professionals. Our mission is to bridge the gap between academia and industry by encouraging the exchange of transformative ideas, presenting impactful research, and empowering young minds through guidance, publication opportunities, and interactive sessions. STELMAR is committed to promoting cross-disciplinary dialogue and driving sustainable development through innovation, technology, and learning.
